

N. L. Holmgren, P.O. Address Nome, Alaska.

Mr. Holmgren was interested in the Delta Fishing Company this season, and requested a permit for 200 - 200 pound barrels for the season of 1920. He has some of the barrels and salt on the river now, and will ship in the balance next spring.

FISHERIES

J.J. Stokes, P.O. Address Nome, Alaska.

Saltery situated on Kwikluak Channel about three miles below Aparoka Pass.

Mr. Stokes had hard luck getting his outfit over on to the fishing grounds from St. Michaels this spring. It was the last of June before he started, and the run was practically over. He only put up 25 - 200 pound barrels, as after he did get started, the high water, storms and driftwood cut his catch down so he did not near make expenses. Mr. Stokes asked for a permit for the season of 1920 for 125 - 200 pound barrels. He has salt and barrels on the Yukon to put up this number.
